A hundred people use cotton goods where one uses fine silks. Our cotton goods are very good, and very pretty, and very cheap. Yes, very. How do we sell them so cheap? We buy of those that want to sell. We buy of those that want cash.

You can do the same. We always want cash, and we always have goods to offer at prices that would astonant you.

Compare width a yie, finish, quality, measurement and price with those from other places. We have this plan real well.

MUSLIN, COTTON CLOTH, SHEETING, BROWN GOODS, PRINT CLOTHS,

These names mean the same thing; the only difference is: Where were you brought up—here or where?

We have a 40-inch clean, smooth, even, brown (unbleached) muslio, heavy enough for any purpose, but especially adapted to ladies' and children's wear and general family use, 12 yards, \$1: or 8 cents per yard by the piece of 40 or 50 yards. or 50 yards. See the width. You save 20 cents on every dollar. That is money made, and made very quicky, too.

Heavier, coarser goods, 35 inches wide, at 7 and 8 cents.

If thingsgo a little tough sometimes, or you are feeling "out of luck," join issues with us, and we'll help you pull through. It is not so very hard to do after all.

It is very pice to feel that you're not the under dog in the fight for existence—for bread and butter. Don't wear any man's collar in America. It is not the way to do.

Calleo is 5 cents at our store for standard quality and standard colors. Blue, red and other high colors are higher. Extra widths are higher, but sometimes they're changer for wear.

Ten thousand families and merchants and others are buying our goods all the time. We have enough for all.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no peminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coipage of silver, and the educational work that they have done in presenting the true is ue between the money powers and the bondholders and laborers and producers of

wealth. And we favor the continuation of agitation and contention for the free and unmitted coinage of silver at the present ratio of 16 to 1, for their own benefit and for the beneat of the people at large miners, farmers, laborers and me-

First. We demand the full remonetizatian of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1.

Second. We are radically and unalterably opposed to the National Republican and Democratic parties on the question of the iree coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and territories, and we therefore repudiate the nominees of their convention.

Third. We pledge the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in favor of free coinage as defined by this convention.
